

10th October 2023

Dear Parent / Guardian,

Unifrog: The Complete Destinations Platform

Following our Year 10 parents' information evening, where Post 16 options were discussed from T-Levels to A-Levels, Applied Qualifications to Apprenticeship, we would like to offer parents access to Unifrog – our new destinations platform.

Keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after GCSEs, we have created accounts for each Year 10 student on Unifrog.

Unifrog brings together vital information on a range of post 16 options: Apprenticeships, College & Sixth Form courses. It offers an extensive careers library, quizzes to find out student's strengths and preferences, which link to careers, and a subject library which draws in career options to a student's favourite subject(s). It makes it easier for students to explore future careers, compare options and make informed choices on their future.

Additionally, the platform supports students successfully apply for these opportunities by assisting them in writing applications, CVs and guiding them through the application process.

Students have accessed Unifrog for the first time using a sign-up code which is unique to their tutor group.

They then login using their email address and password which they can do from any computer, tablet or smartphone.

We would encourage you to use the platform with your child so you can support them through the process of deciding their next step.

We have also set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to truly support your child.

The form code you need is: **PURXparents** and you can sign up here: www.unifrog.org/code

For more information contact cwatson@purbeck.dorset.sch.uk

Yours faithfully,

Mrs Carly Watson
Assistant Headteacher
